

Content Area: Math

Grade Level: 1st

Course Name: Iready Classroom Mathematics 1st grade

Course Description:

In Grade 1, instructional time should focus on three areas: (1) developing understanding of addition, subtraction, and strategies for addition and subtraction within 20; (2) developing understanding of whole number relationships and place value, including grouping in tens and ones; and (3) developing understanding of linear measurement and measuring lengths as iterating length units.

Units- Length of Time	Description
Unit 1: Numbers Within 10: Addition and Subtraction	This unit extends children's understanding of adding and subtracting within 10.

Units- Length of Time	Description
Unit 2: Numbers Within 20: Addition and Subtraction and Representing Data	This unit introduces children to adding and subtracting within 20.
Unit 3: Tens and Ones: Counting, Place Value, Time, and Money	This unit introduces children to place value with tens and ones.
Unit 4: Operations with Tens and Ones: Addition and Subtraction	This unit introduces children to operations with two-digit numbers.
Unit 5: Length: Comparing, Ordering, and Measuring	This unit extends children’s understanding of length.
Unit 6: Geometry: Analyzing, Composing, and Partitioning Shapes	This unit extends children’s understanding of geometric shapes.
